To Whom It May Concern:

It has recently come to my attention that the Neeld Estate Citizens Association has applied for Community Resilience grant funding. I write to you in support of that application.

After tornado damage in 2020, local residents have rallied to rebuild damaged areas and I wholeheartedly support their efforts. Because of its location, Neeld Estate faces very specific challenges relating to its geography. Environmental preservation is critical to the ability of the community to both survive and thrive. The funding, for which they've applied, would truly provide a means to that end.

I have great confidence in the leadership of the Neeld Estate Citizens Association and, again, wholeheartedly express my support of their application for appropriate grant funding in support of the restoring and rebuilding of their community.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Michael A. Jackson', written in a cursive style.

Maryland Department of Natural Resources  
580 Taylor Avenue  
Annapolis, MD 21401

To Whom it May Concern:

Coastline Design P.C., under the direction of the Neeld Estate Citizens Association (NECA) Shoreline Committee, is seeking funding from the Community Resilience Program to assist in preservation efforts of the NECA shoreline, located in Plum Point, Maryland. I am writing to offer my support for the grant of \$26,000 for this significant preservation project.

Due to changing erosion patterns and other environmental issues, a significant loss of shoreline and beach space in and around the Neeld Estate Community has raised concern among residents. The neighborhood itself has been threatened with severe flooding and near loss of homes due to storms and hurricanes in recent years. Further, the unique habitat that is provided by this shoreline has been put at risk. This proposal aims to mitigate the effects of these environmental issues with a strategic planning approach. If accepted, this grant will fund the development of a shoreline preservation plan that will assess the erosion and sediment control necessary to preserve the shoreline.

To that end, I respectfully request favorable consideration of this grant application for the Maryland Department of Natural Resources Community Resilience Program. If you have any questions or concerns, please feel free to reach me on my cell at (301) 802-3159.

Sincerely,

A handwritten signature in red ink that reads "Mark N. Fisher".

Neeld Estate Citizens Association  
5120 Shore Drive  
Huntingtown, MD 20639

To Whom It May Concern:

The community of Neeld Estate borders the Chesapeake Bay to the east at Plum Point in Huntingtown, Maryland. Due to shoreline erosion, what was once one of the largest shorelines in Calvert County has suffered significant loss of native shoreline grasses and wildlife habitat. The community has also experienced significant flooding in recent years.

The Calvert County Board of County Commissioners would like to offer its support of the Neeld Estate Community Resilience Program application. The program leverages state and federal funding to promote and support comprehensive and holistic projects that address both water quality and quantity through a watershed-scale planning approach.

Sincerely,

BOARD OF COUNTY COMMISSIONERS  
CALVERT COUNTY, MD

Subject: RE: Neeld Estate Grant email support

Good Afternoon Jon,

It was good speaking with you today. This email shall serve as confirmation that I am willing to assist you, in your capacity as the Chairman of the Neeld Estates Citizens Association (NECA), with local permitting should NECA receive a grant for the shoreline restoration and preservation project we discussed. If you have any questions or require anything else please contact me.

Sincerely,  
Ron
